Important:

- You should clearly indicate whether the selected optional courses are **required*** or **additional**** in the space given below.
- You are required to sit for the selected **required*** courses in the examination.
- You will be allowed to opt out from the selected **additional*** courses if necessary.
- Selection of courses does not guarantee that the selected course would be offered since each course would be offered depending on the number of students who have opted for that course.
- Once the selection of optional courses is finalized, it is assumed that the student has registered for the courses with respect to the semester III examination and you need not to register for the courses again at the examination.
- Students are advised not to select courses that are offered in parallel in the lecture timetable since lectures, assessments, and final examination of such courses will also be conducted in parallel.
