## Master of Information Technology (MIT)

### Semester IV Optional Courses Selection Form 2018

The following table summarizes the maximum number of Credits which can be scored during each semester through Compulsory and Optional Courses for the Degree of MIT:

	Degree of MIT	
	Compulsory	Optional
Semester I & II	25	-
Semester III	5	13
Semester IV	-	10
Total	30	23

- A student is required to obtain a minimum **GPA of 2.00** for all the Courses which makes up a minimum of **45 Credits** and not less than a C Grade (Pass) for the Individual Project to qualify for the Degree of MIT.

The Compulsory and Optional Courses offered during the **Semester IV**, including their Credit Values, are given below:

	Degree of MIT	
	Compulsory	Optional
<b>MIT4201:</b> Software Quality Assurance	-	3
<b>MIT4202:</b> IT Strategy and Policy	-	2
<b>MIT4203:</b> Business Statistics and Operational Research	-	2
<b>MIT4204:</b> e-Business Applications and Strategies	-	3

**You are required to indicate your preferences for Optional Courses offered in Semester IV by filling up the form overleaf and submit the duly filled form to the Postgraduate Division on or before 26<sup>th</sup> November 2018.**

## Semester IV Optional Courses Selection Form 2018

Name with Initials : .....

Registration No : .....

Telephone No : .....

Email : .....

Degree Programme : Master of Information Technology

### Important:

- You should clearly indicate whether the selected optional courses are **required\*** or **additional\*\*** in the space given below.
- You are required to sit for the selected **required\*** courses in the examination
- You will be allowed to opt out from the selected **additional\*\*** courses if necessary.
- Selection of courses does not guarantee that the selected course would be offered since each course would be offered depending on the number of students who have opted for that course.
- Once the selection of optional courses is finalized, it is assumed that the student has registered for the courses with respect to the semester III examination and you need not to register for the courses again at the examination.
- Students are advised not to select courses that are offered in parallel in the lecture timetable since lectures, assessments, and final examination of such courses will also be conducted in parallel.

### 1. Optional Courses – “Required”

No	Course Code	Course name	Credits
(1)			
(2)			
(3)			

### 2. Optional Courses – “Additional”

No.	Course Code	Course name	Credits
