Access to IEEE and ACM Digital Libraries – Now Available!

Dear Students,

We are pleased to inform you that the UCSC Library provides access to the IEEE and ACM Digital Libraries, two of the world's leading research platforms in computing and engineering.

These platforms offer access to a vast collection of high-quality resources to support your academic projects, research, and studies.

What's Available?

◆ IEEE Digital Library Access Includes:

- **Abstract Records** of all IEEE publications
- **IEEE eBook Classics**
- **IEEE Computer Society Digital Library**

📄 Full-text access to selected titles, including:

- IEEE Distributed Systems Online
- IEEE Potentials
- IEEE Transactions on Electronic Computers
- IEEE Concurrency
- IEEE Expert
- IEEE Computational Science and Engineering
- IEEE Spectrum
- IEEE Communications Surveys & Tutorials
- And several **Technical Activities Community Snapshot articles** on advanced topics like miniaturized reflectarray antennas, multi-polarization design, and more!

◆ ACM Digital Library Access Includes:

- Full bibliographic records and full-text access to the entire ACM Digital Library collection.

💡 How to Request an Article

You can request full-text downloads of IEEE and ACM articles by:

✉@ Emailing us at: **lib@ucsc.cmb.ac.lk**
🌐 Using the **Article Request Service** via the UCSC Library website

We will send the requested article(s) to your email.

🔍 *Whether you're working on assignments, research, or your thesis, these resources will help you stay updated with cutting-edge advancements in computing and IT.*

Make the most of this opportunity – explore, read, and grow with UCSC Library!
